- **A Management Team Committed to Sharing Information.** We believe that a well-informed team will deliver the best results for our clients and will have a higher level of job satisfaction. We hold monthly company calls to make sure that everyone is kept informed about how the company is doing, what we are working on, and how they can contribute. We trust our team to maintain strict confidentiality of the information that is shared. We also recognize that it is not just about the work, so we have an internal newsletter that the whole team contributes to, where you can learn more about your colleagues.
- **A Collaborative, Team-Oriented Environment.** For each client engagement, we put together a team that we think will best fit the client's needs. You will have a chance to work with different team members on different engagements. We also cross-train across our practices so that everyone has an ongoing chance to learn from each other. We have team meetings, in-person when it is possible, and virtually through Microsoft Teams.
- **Flexibility to work remote.** Since the inception of the company thirteen years ago, we have had a primarily remote work model. While there may be occasional travel to a client's location, or for team meetings, for the most part, client work can be executed from your home office.
- **Commitment to Diversity, Equity, and Inclusion.** CrossCheck Compliance is an equal opportunity employer.
